

# How to Activate Pre-order Feature for Your Online Store?

ENGLISH TUTORIALS, INTRODUCTORY SERIES

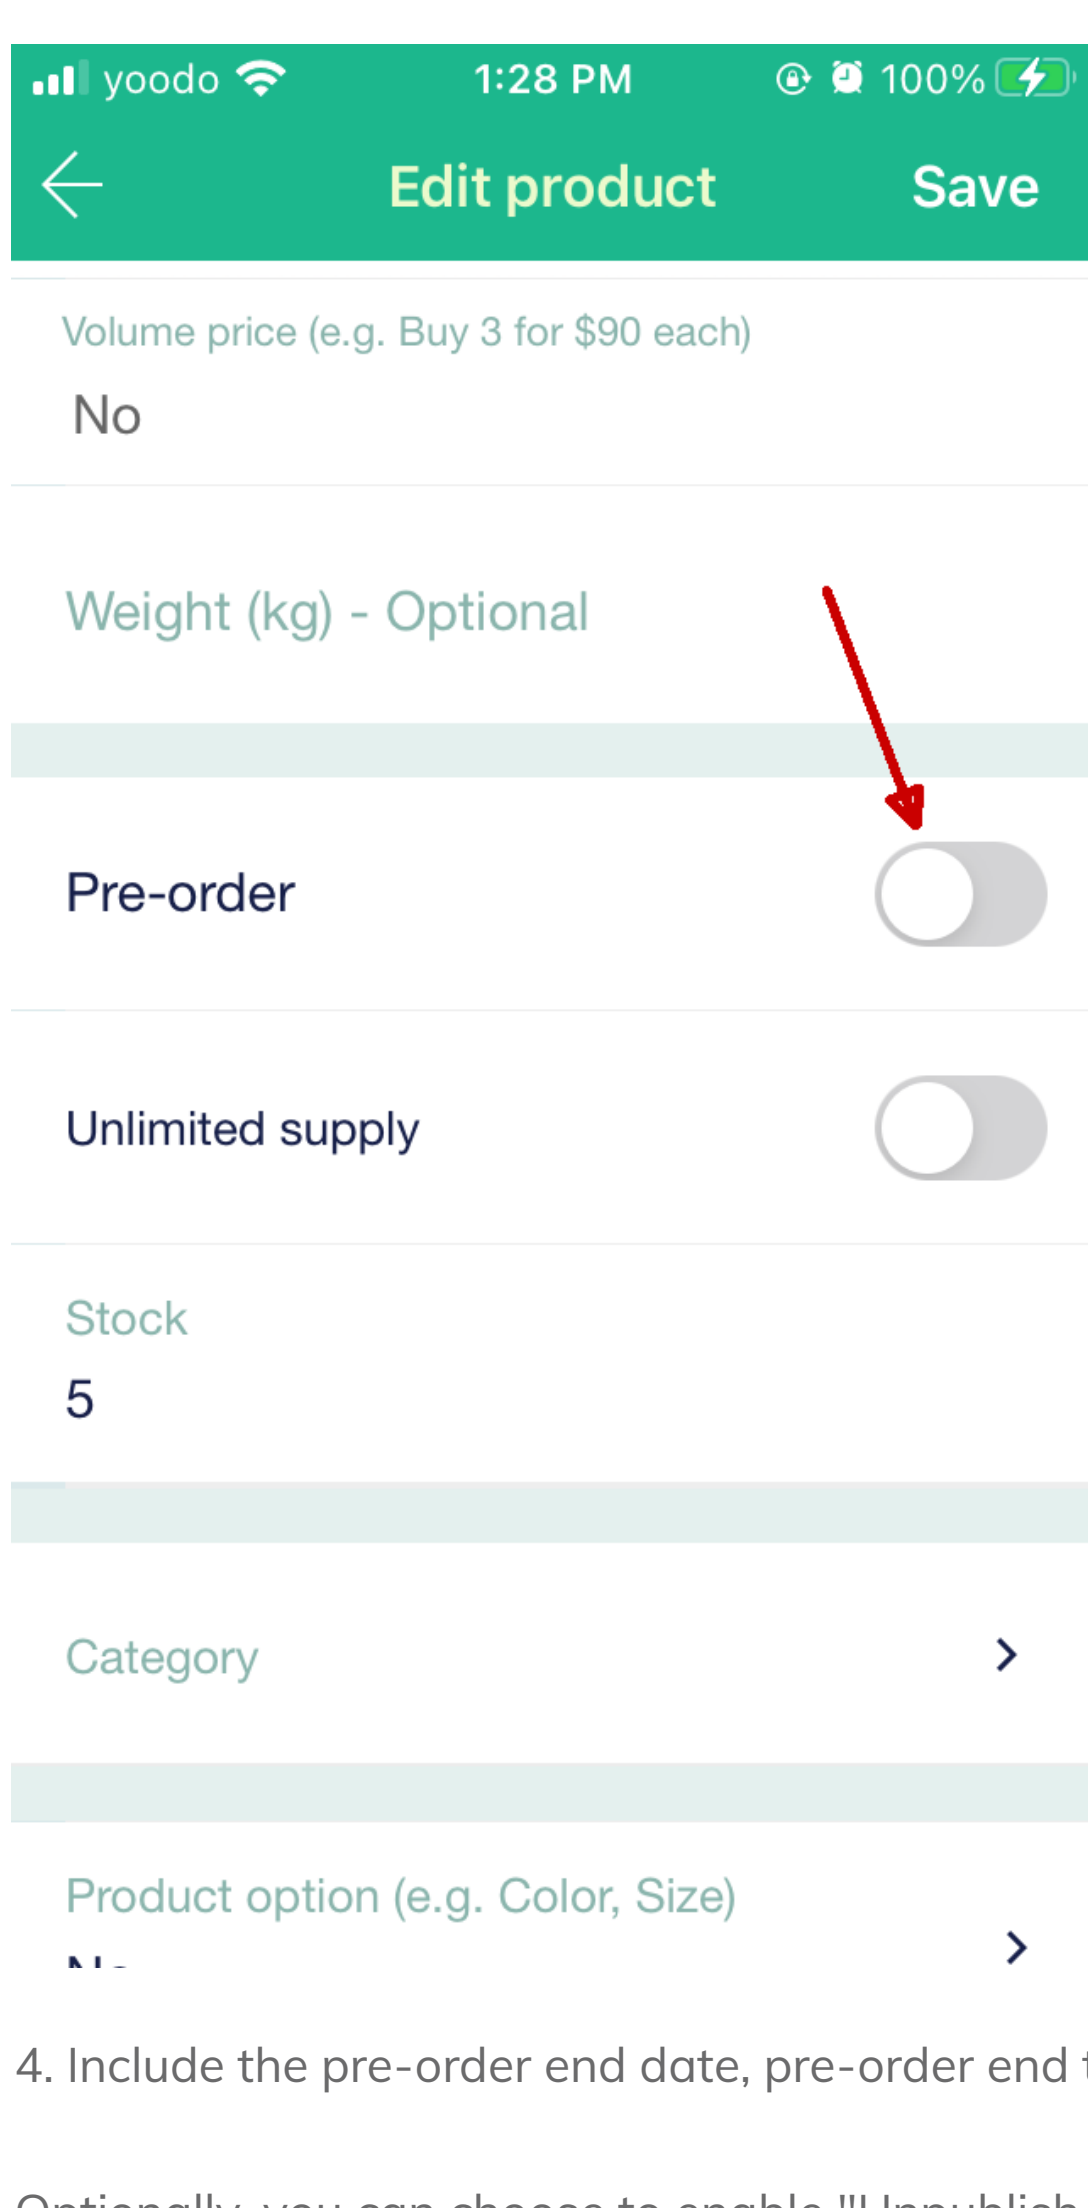

1. On your Boutir app homepage, tap "Products" at the menu below.

2. Tap on the product you want to include for the pre-order.

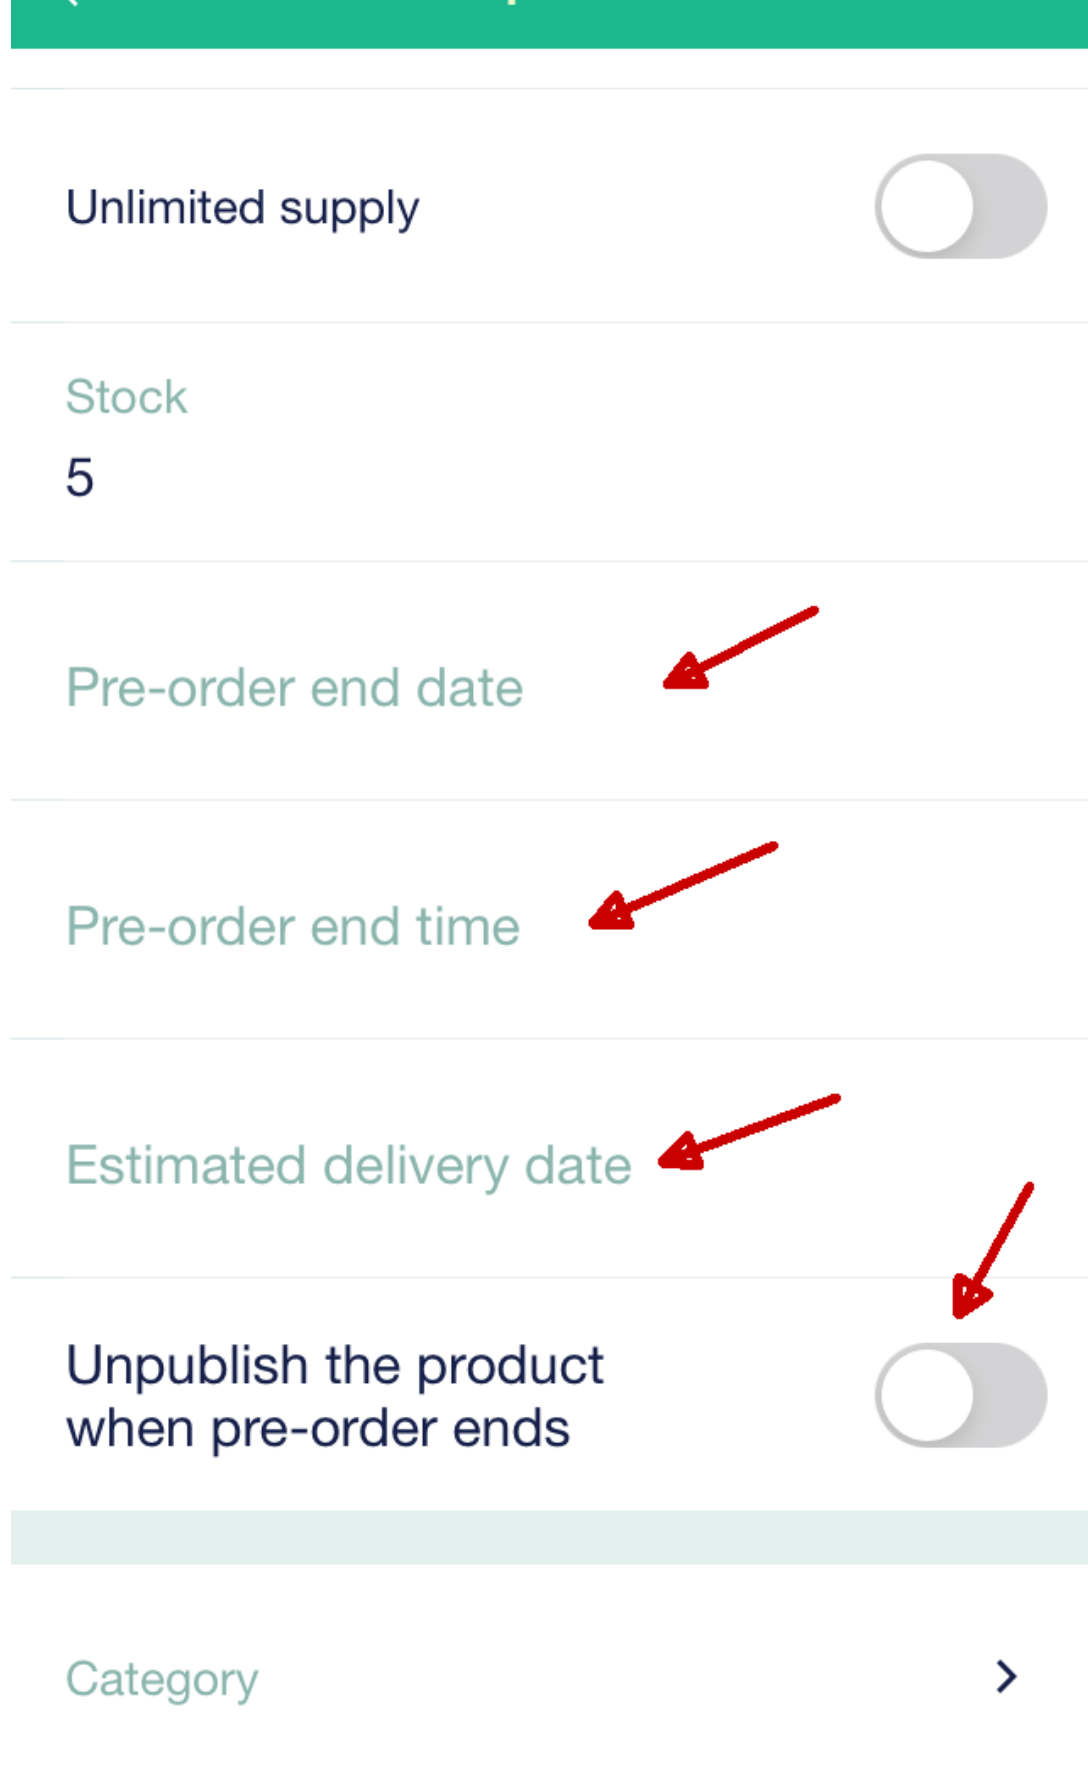

3. Scroll down, and enable "Pre-order".

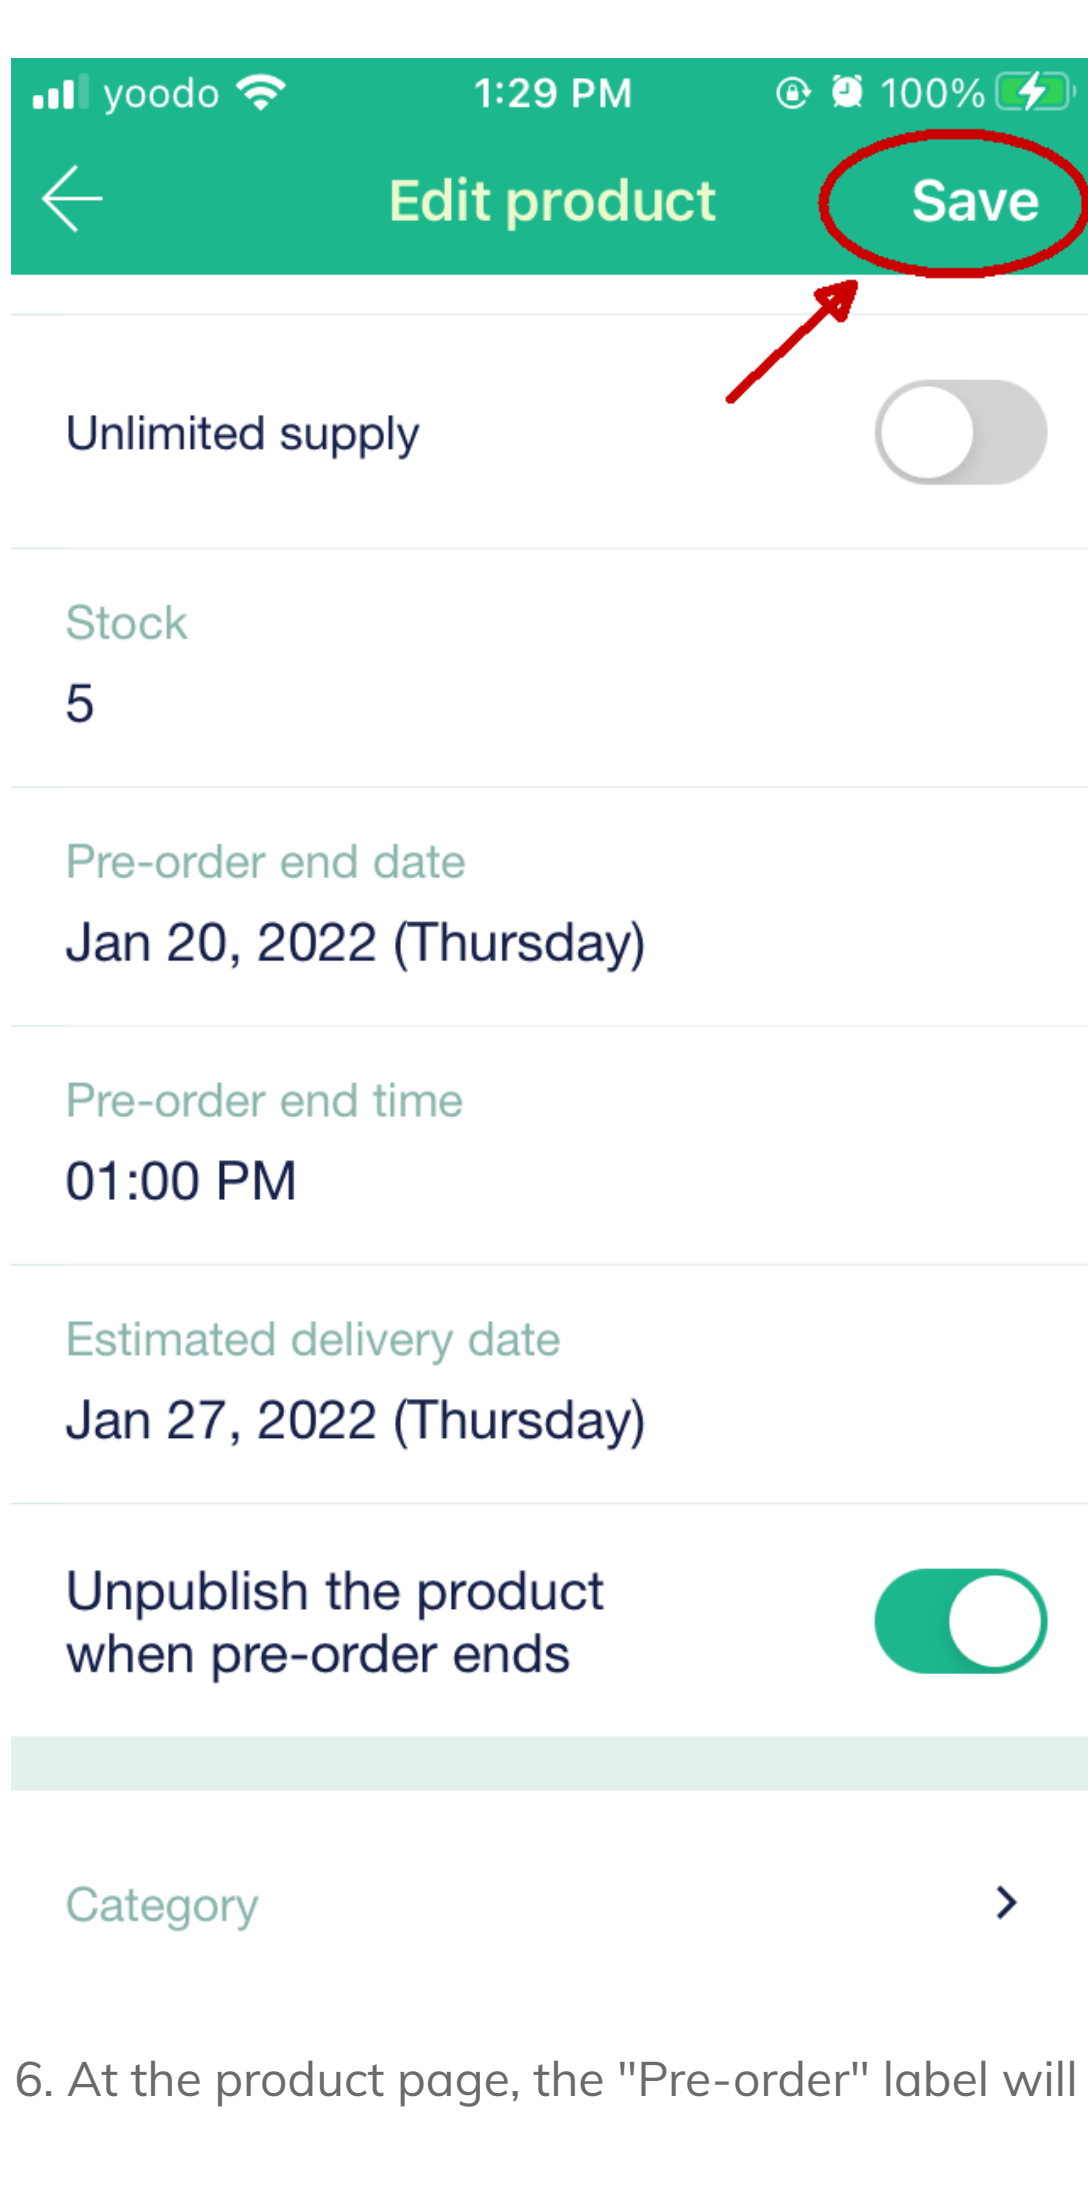

4. Include the pre-order end date, pre-order end time, and estimated delivery date.

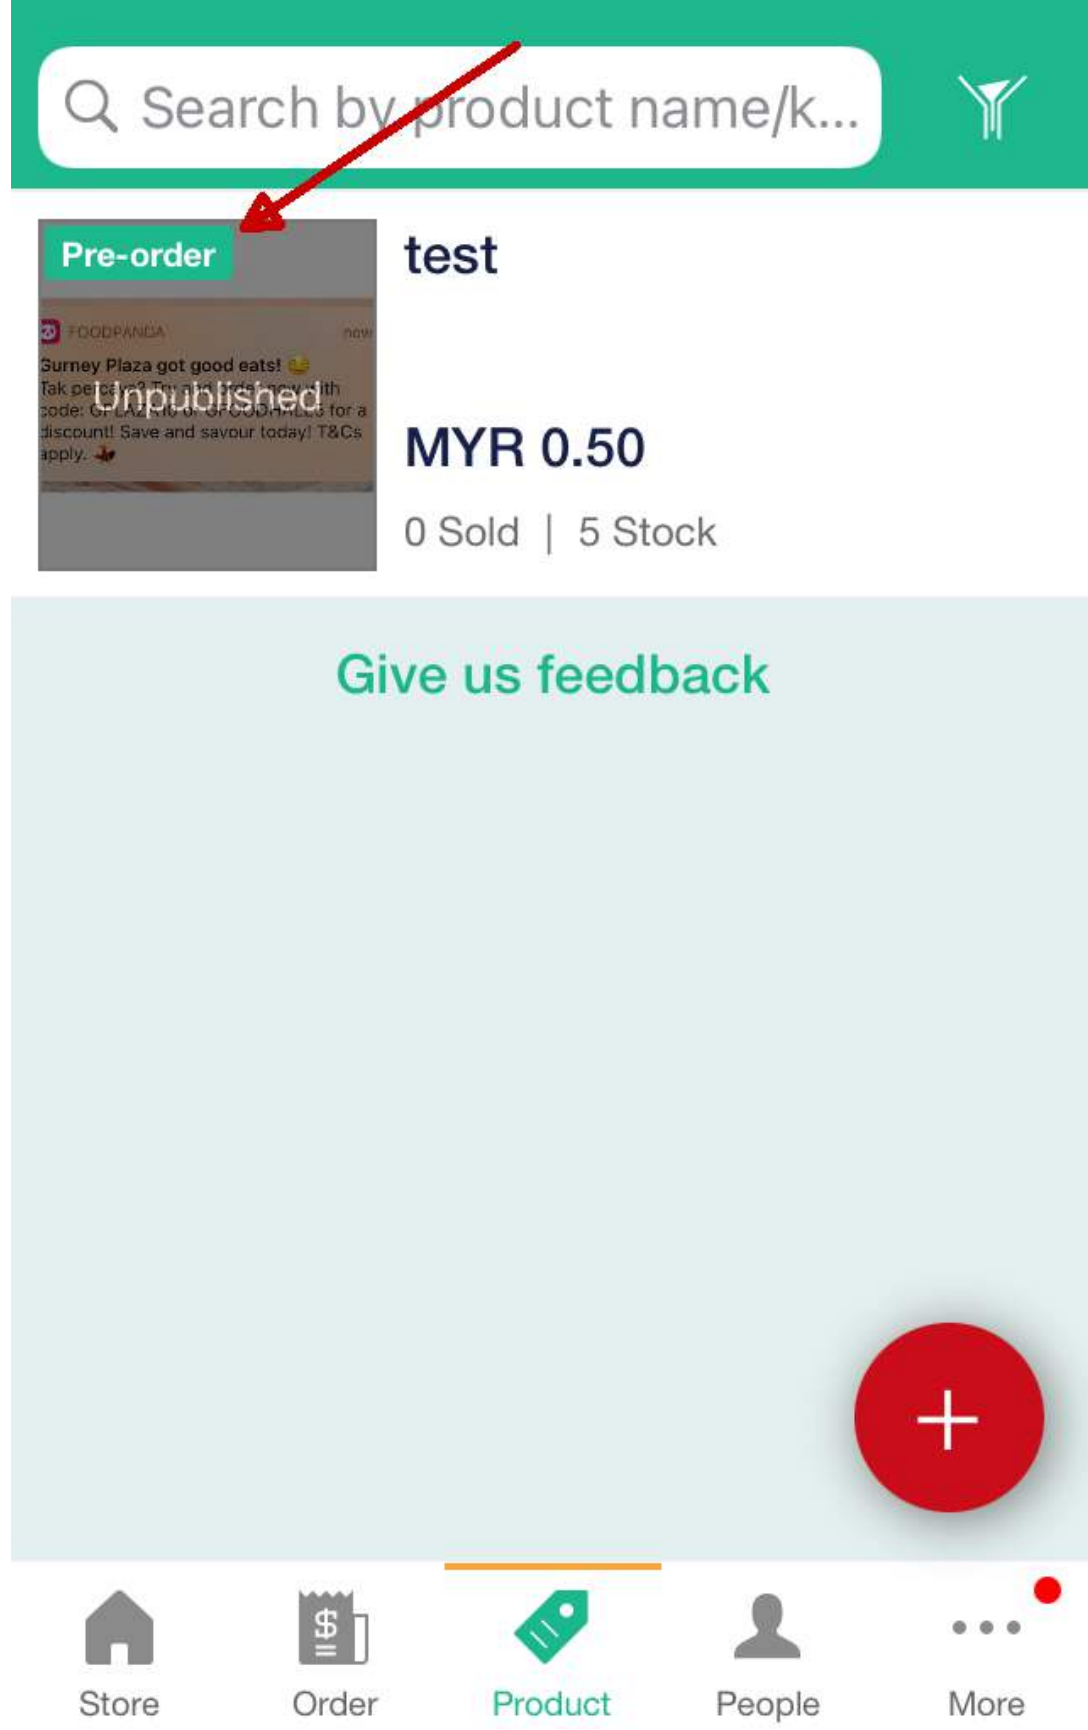

Optionally, you can choose to enable "Unpublish the product when pre-order ends" if you want to the product to not display on your store after the pre-order period.

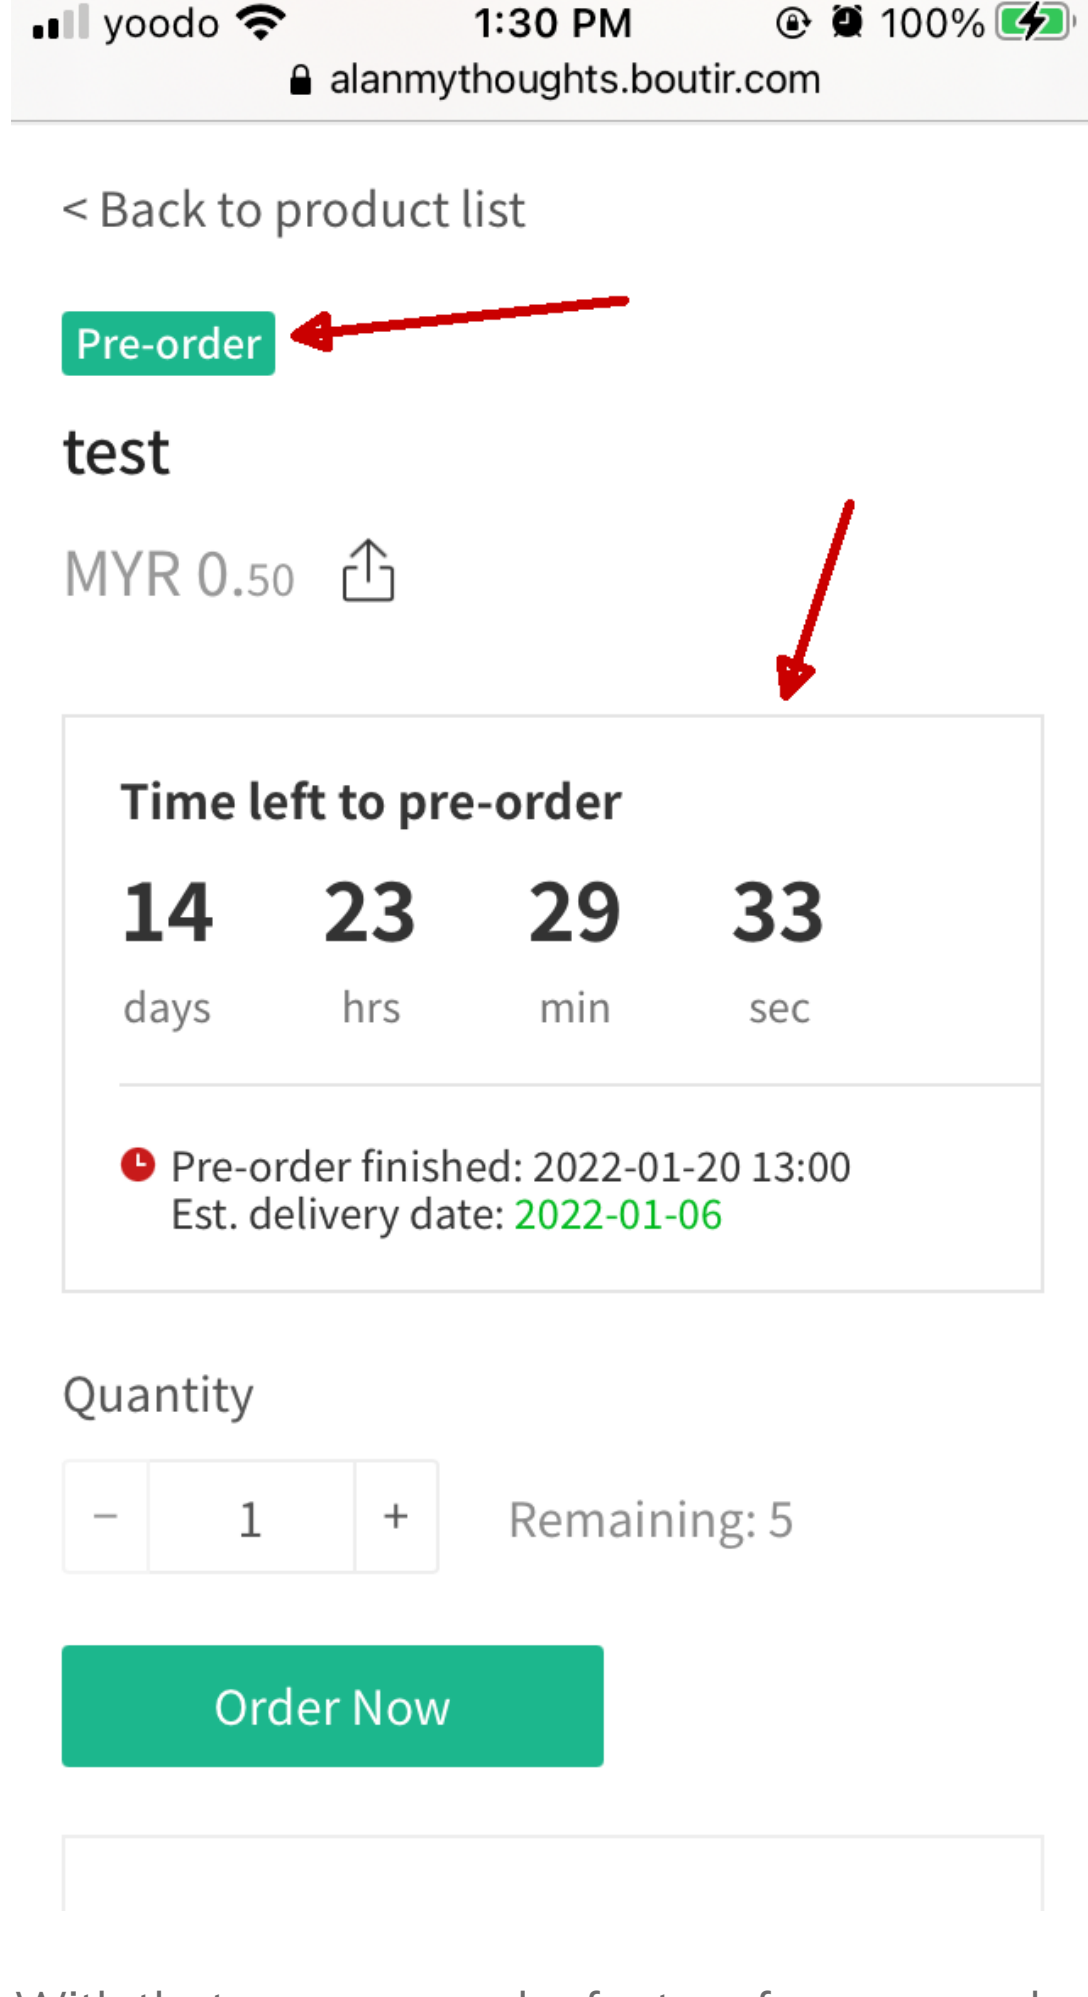

5. Once done, tap "Save".

6. At the product page, the "Pre-order" label will be displayed if you enable pre-order on that product.

7. On your online store, when you click on the product, it will show the pre-order label, along with the countdown timer for your customers to pre-order your product.

With that, your pre-order feature for your product is now set!
