

How to Activate Pre-order Feature for Your Online Store Through CMS?

BOUTIR CMS (EN), ENGLISH TUTORIALS

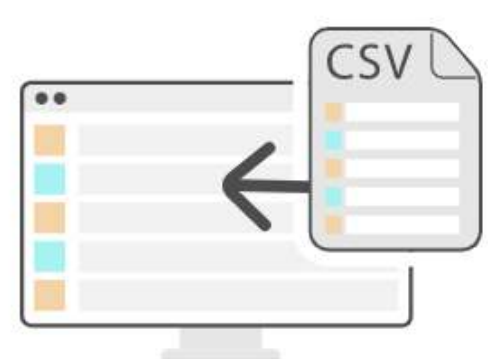

1. Go to the Boutir CMS at https://www.boutir.com/user_cms/log-in and log in using your Boutir account credentials.

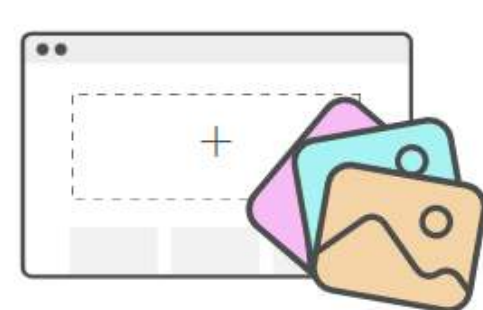

Product Management Platform

Best viewed on desktop, with at least 1024px X 768px

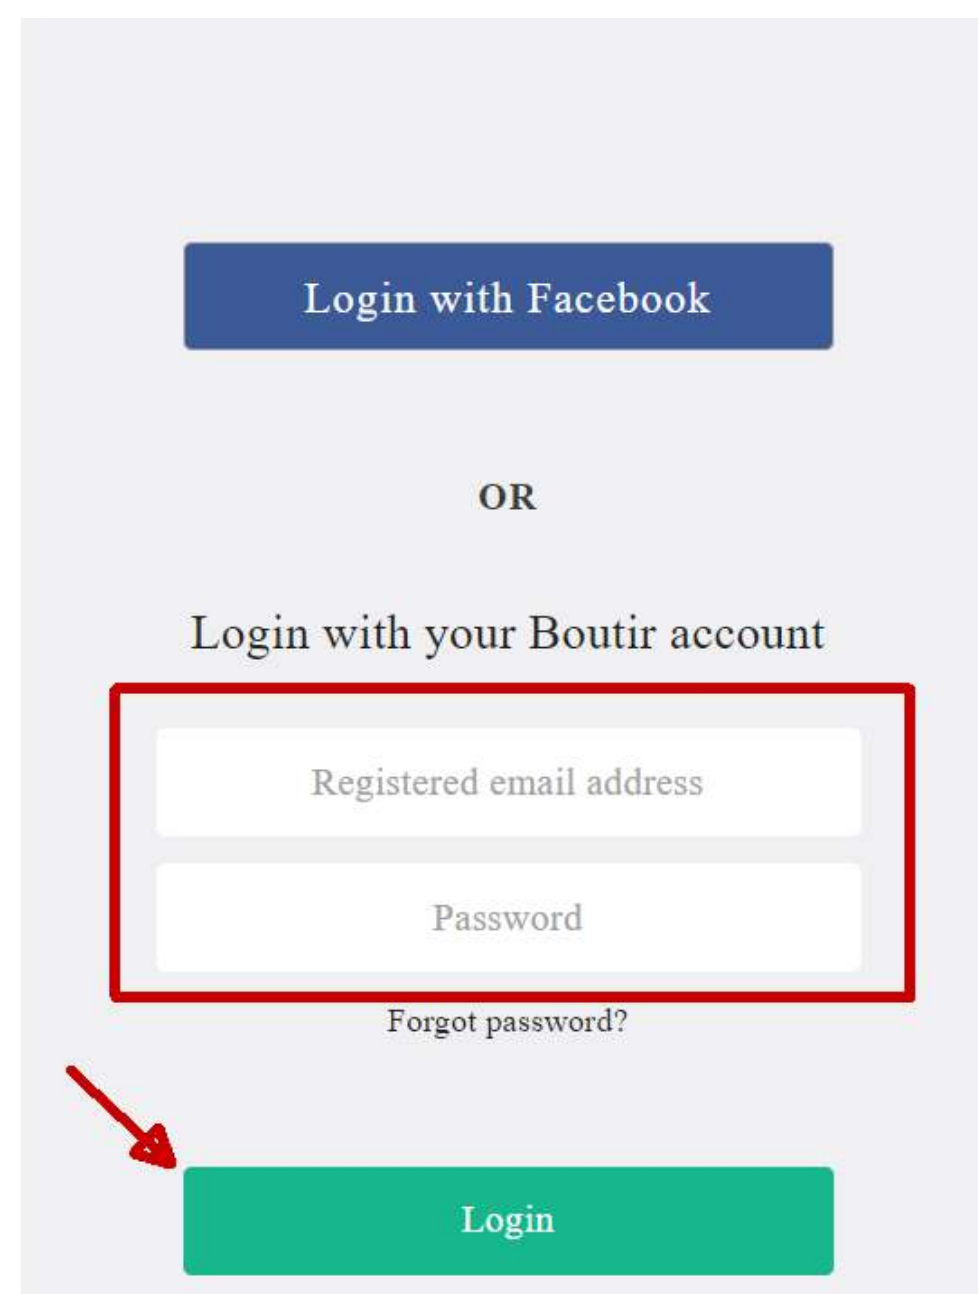

(available for business plan users only)

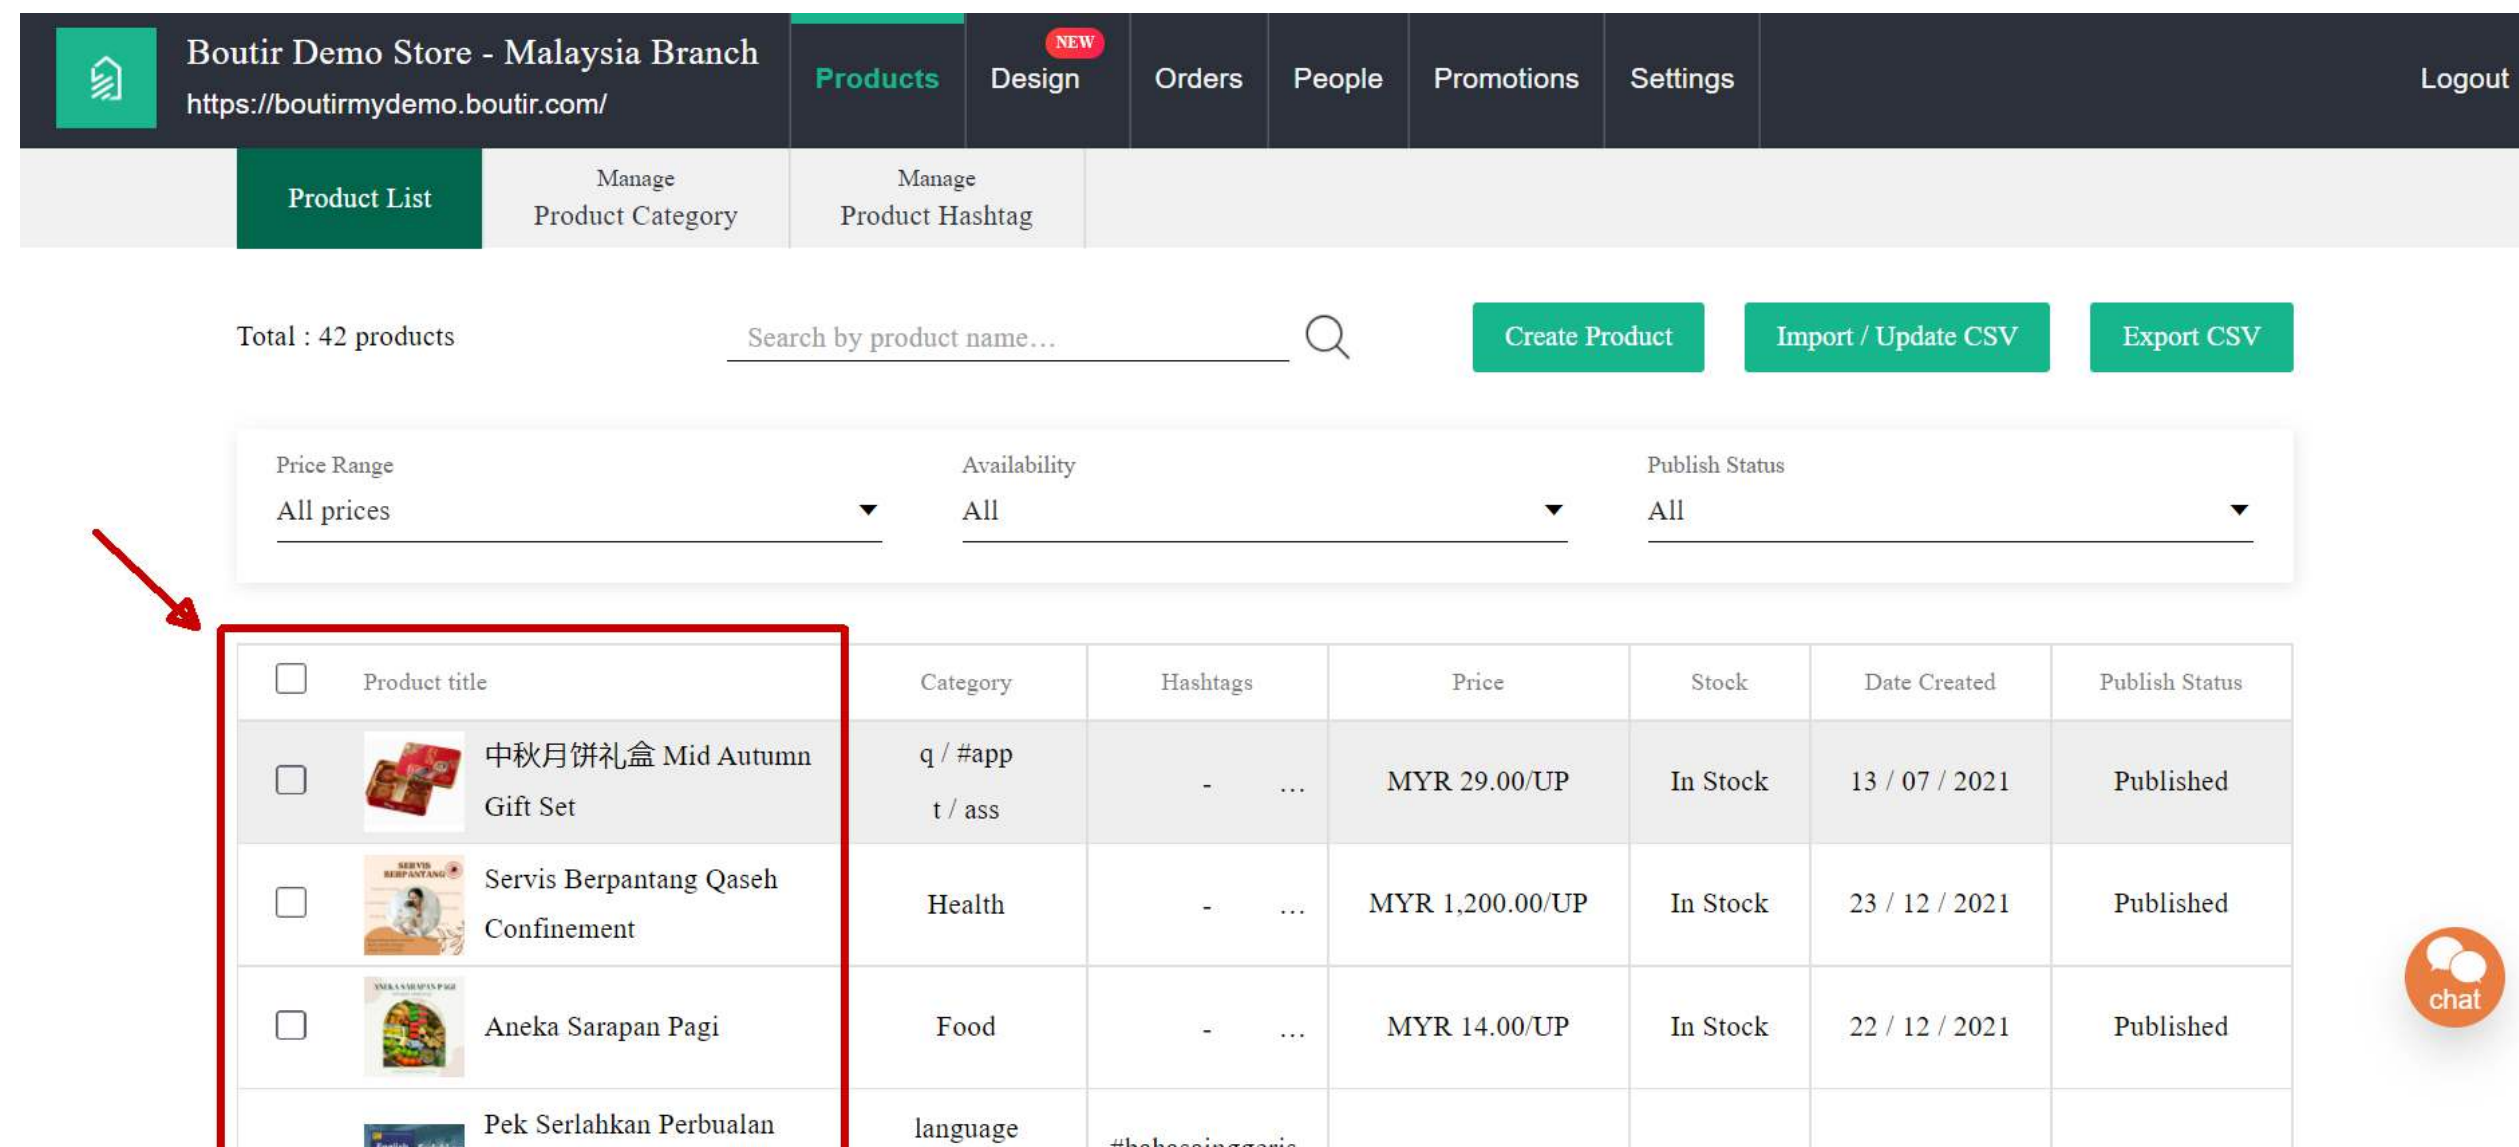

Quick import of product list in CSV

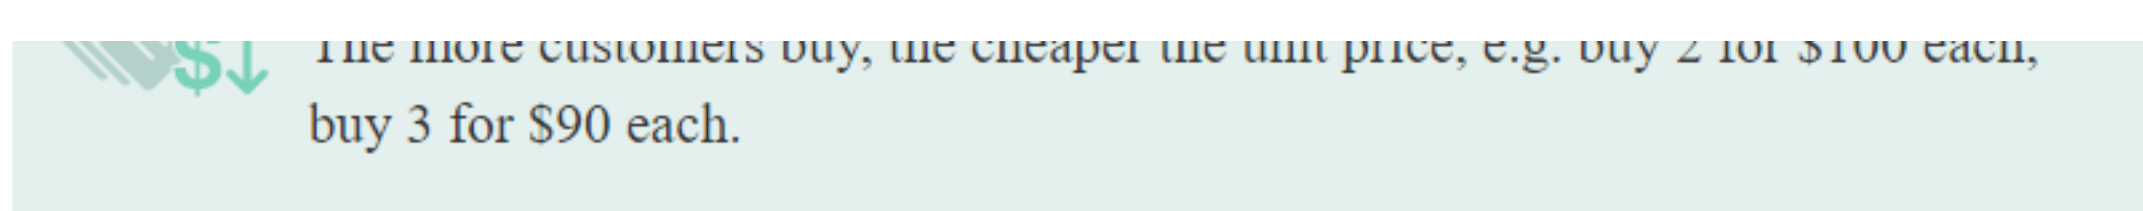

Upload multiple photos in 1 time

2. Click on the product you want to include for the pre-order.

3. Scroll down, look through the "Pre-order" section, and click "Yes" to enable it.

Keywords for Google SEO Drag to rearrange order

[Manage keywords](#)

4. Include the end date, end time, and estimated delivery date.

Optionally, you can choose to enable "Unpublish the product when pre-order ends" if you want the product to not display on your store after the pre-order period.

5.Pre-order ^{New}

Yes No

5. Once done, scroll down and click "Save".

With that, your pre-order feature for your product is now set!
