

How to Reorder and Pin Items in Your Online Store?

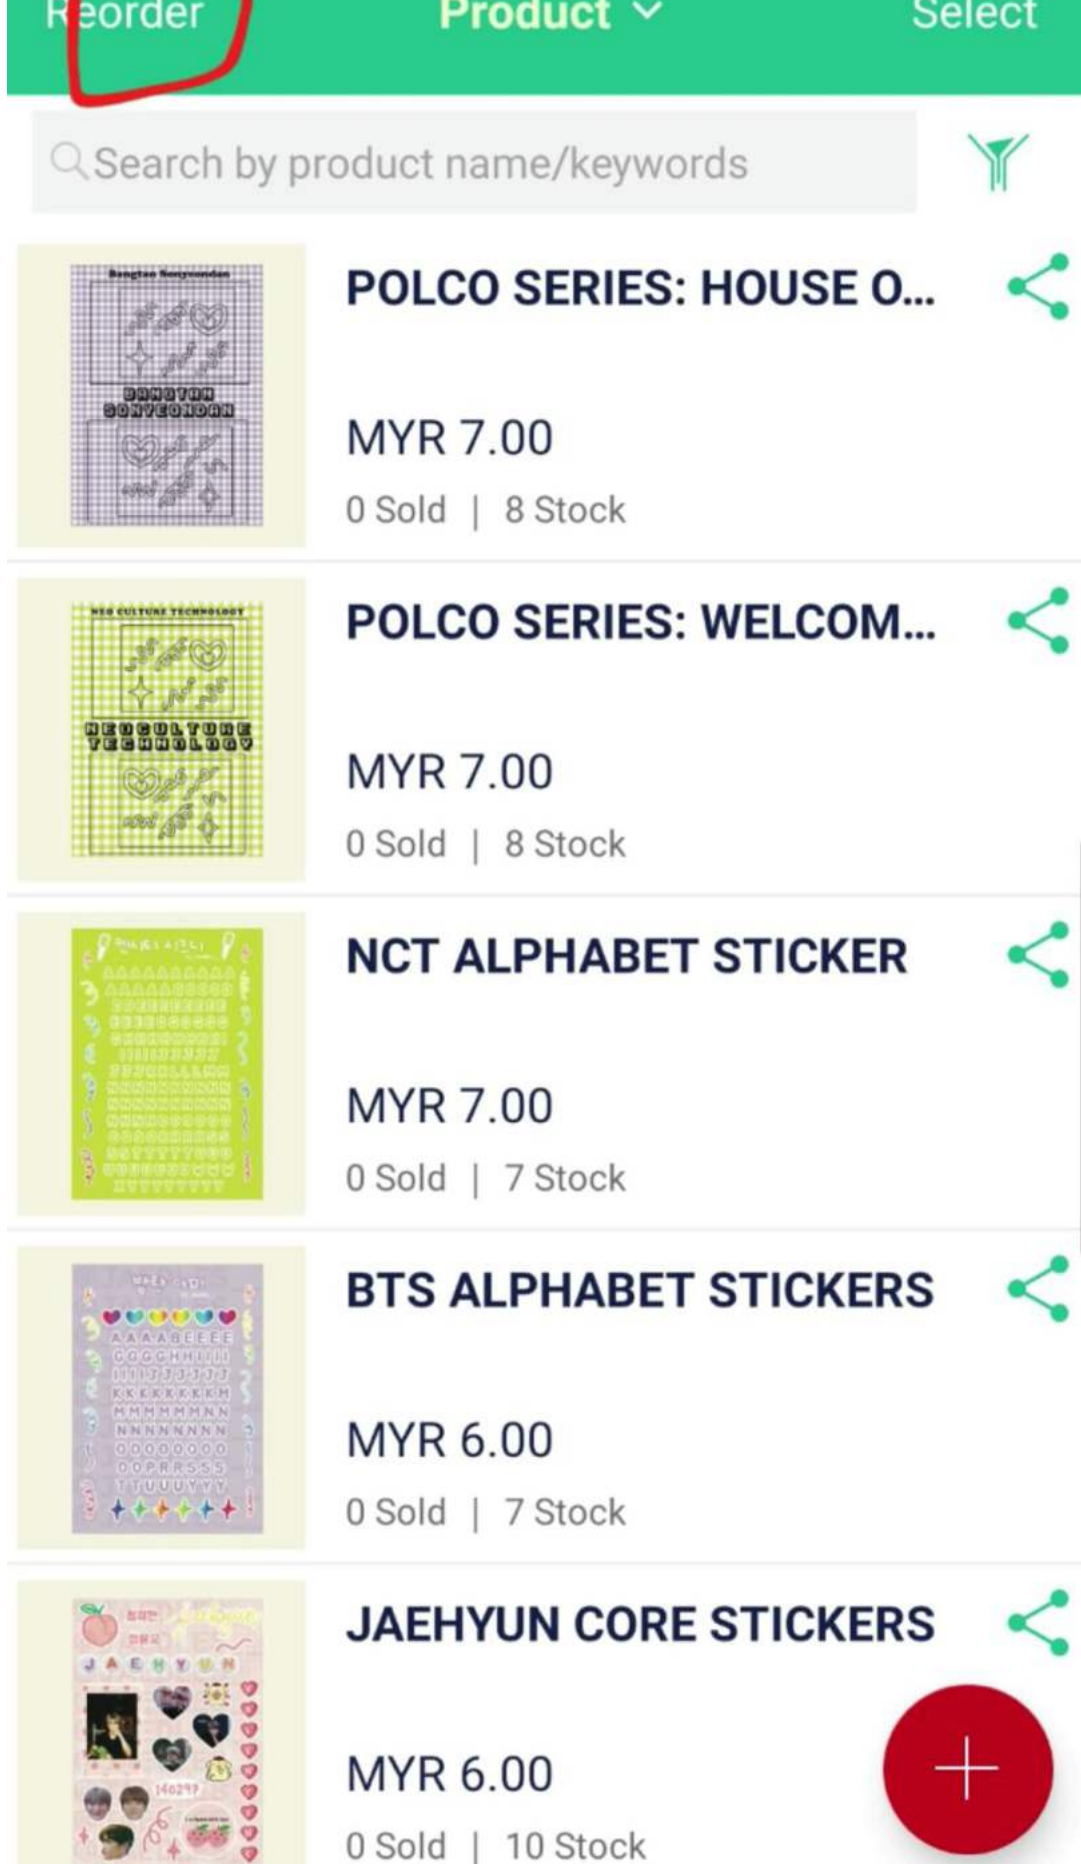

ENGLISH TUTORIALS, INTRODUCTORY SERIES

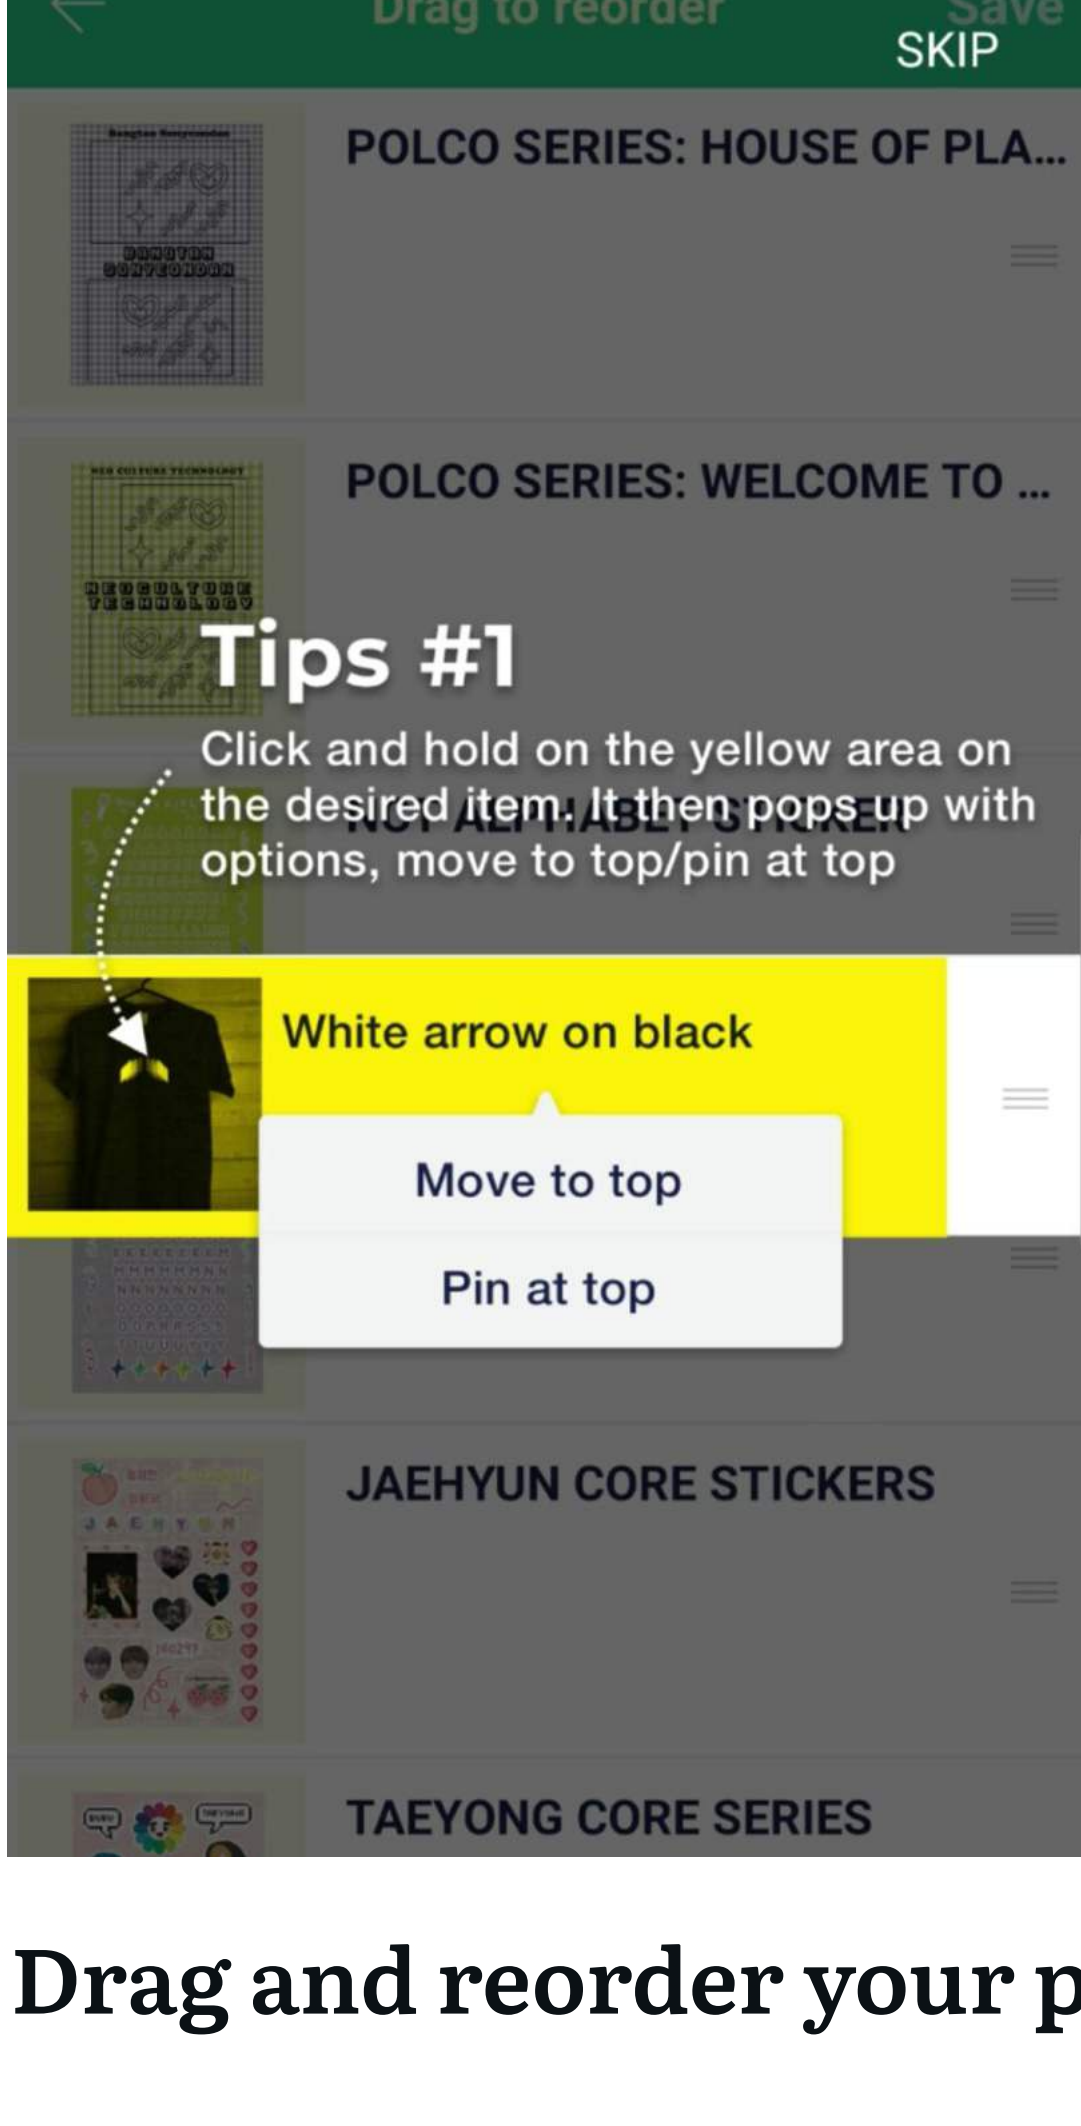

1. On your Boutir app homepage, tap on the "Product" button at the bottom of your app.

2. On the "Product" page, you will see the "Re-order" button at the top left of your app, tap on it.

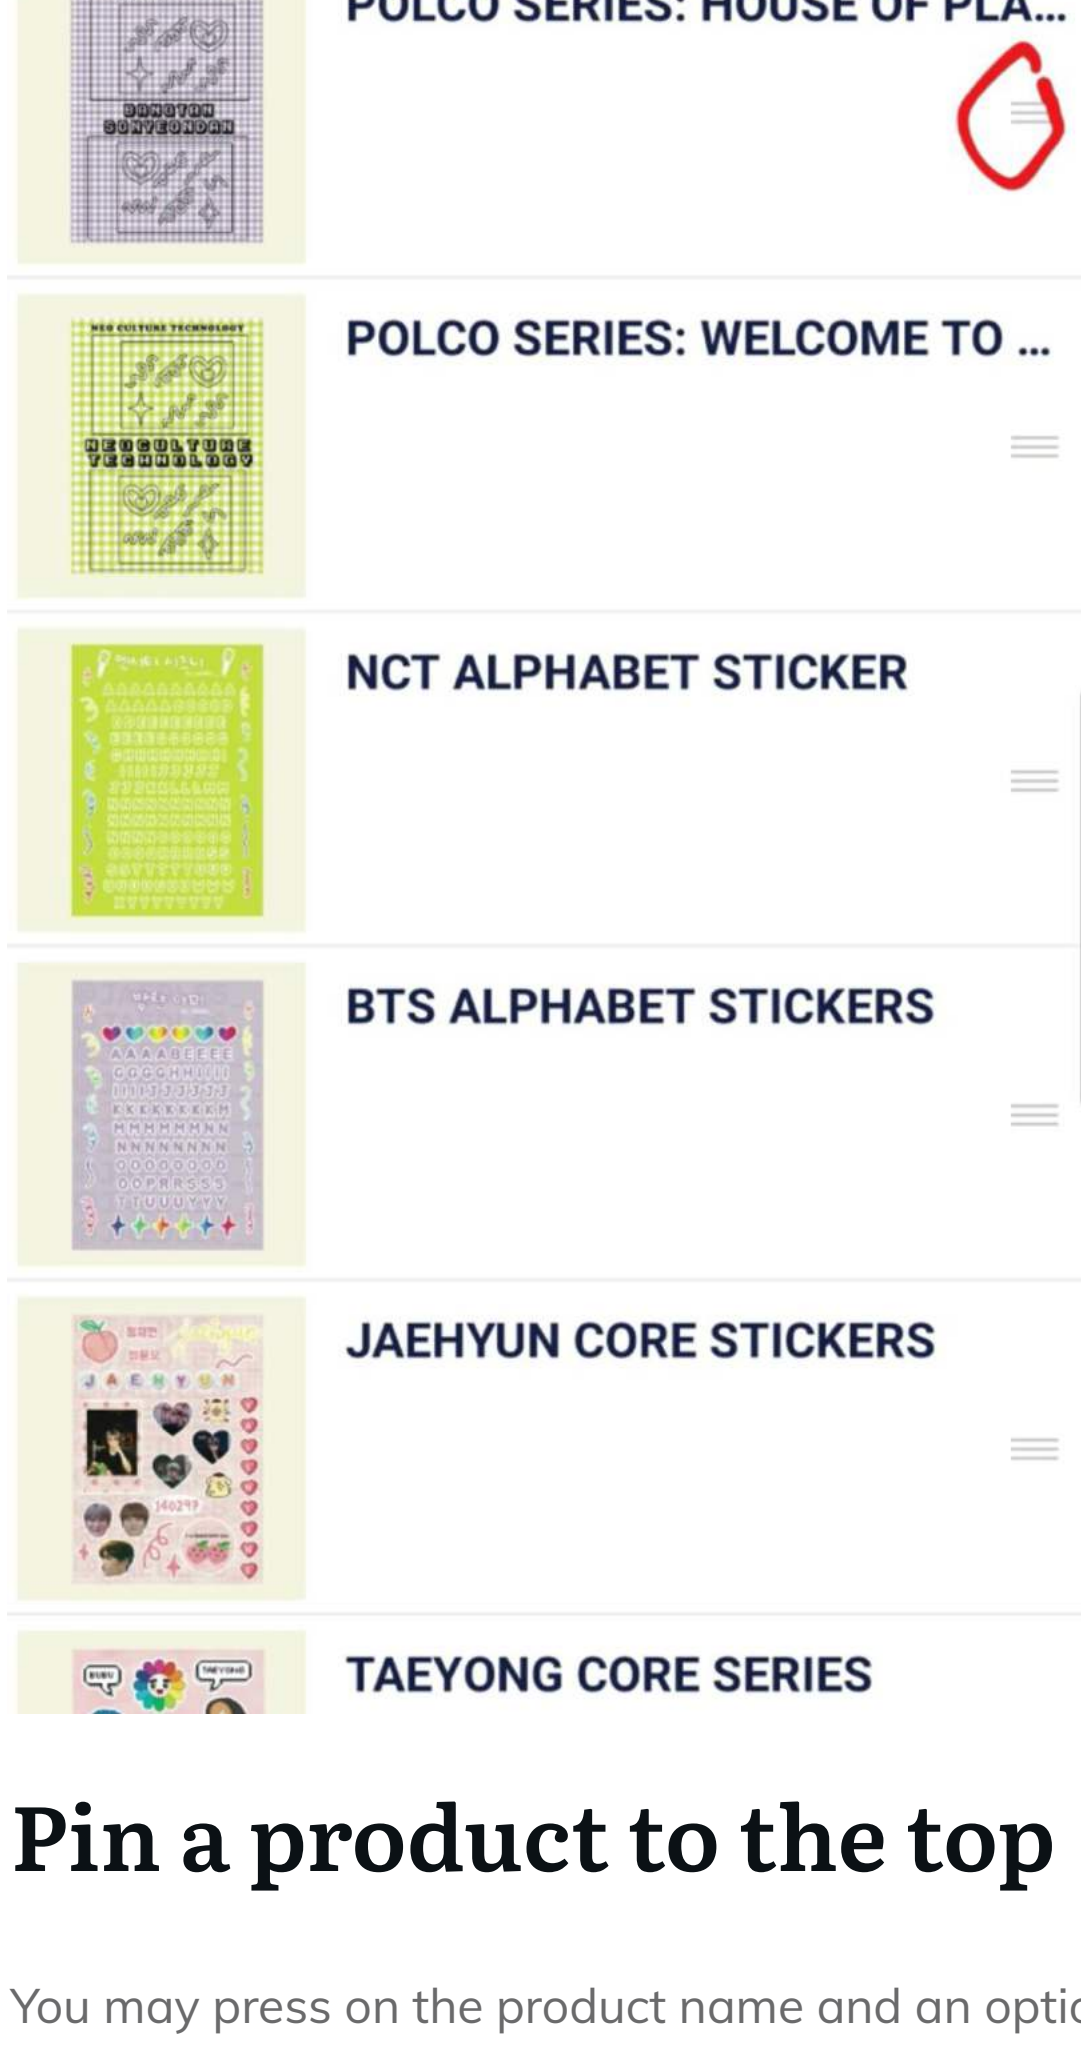

3. You will then be shown a simple tutorial on how to move and pin a product to the top, reorder the products and also unpin a product.

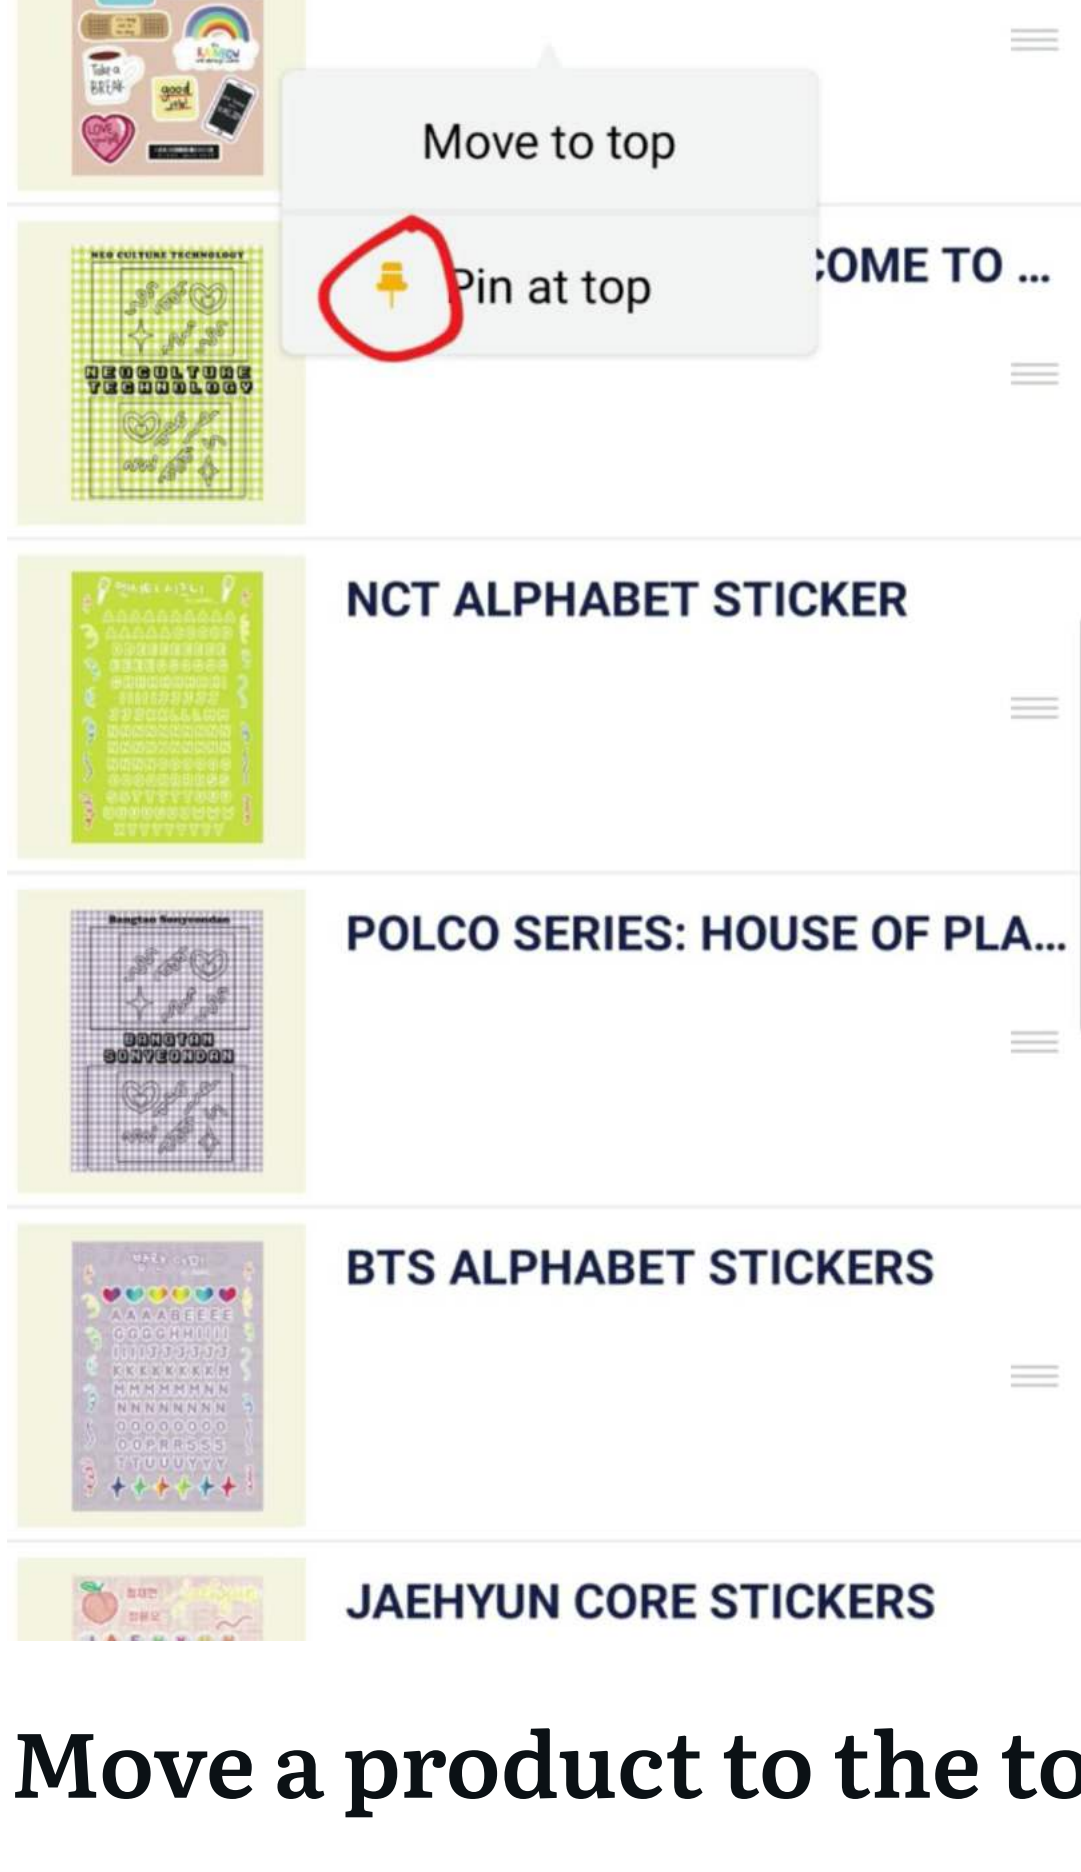

Drag and reorder your products

After pressing the reorder button earlier, you will see the three lines button on the right of your products. Long press the three lines button on the product you wish to reorder and drag it to the position you would like.

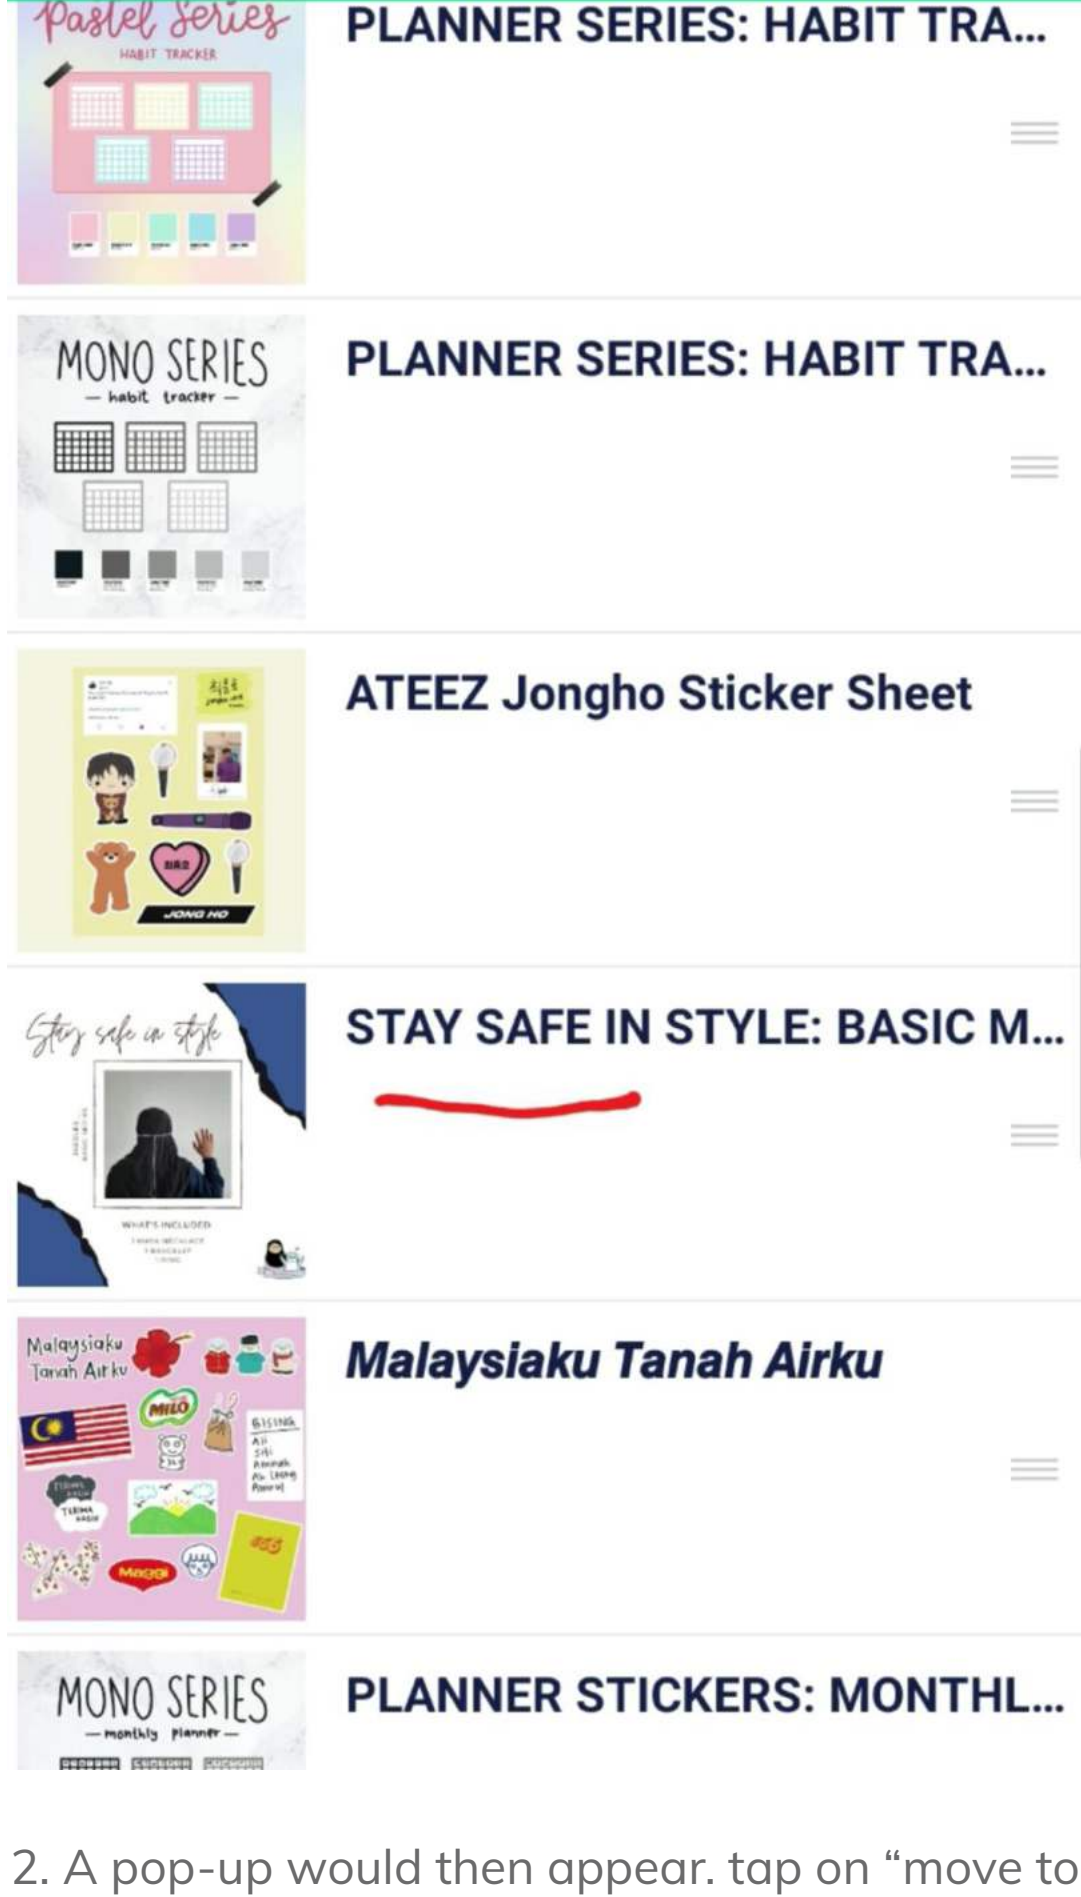

Pin a product to the top

You may press on the product name and an option will pop up. Tap on "Pin at top" to pin your product to the top.

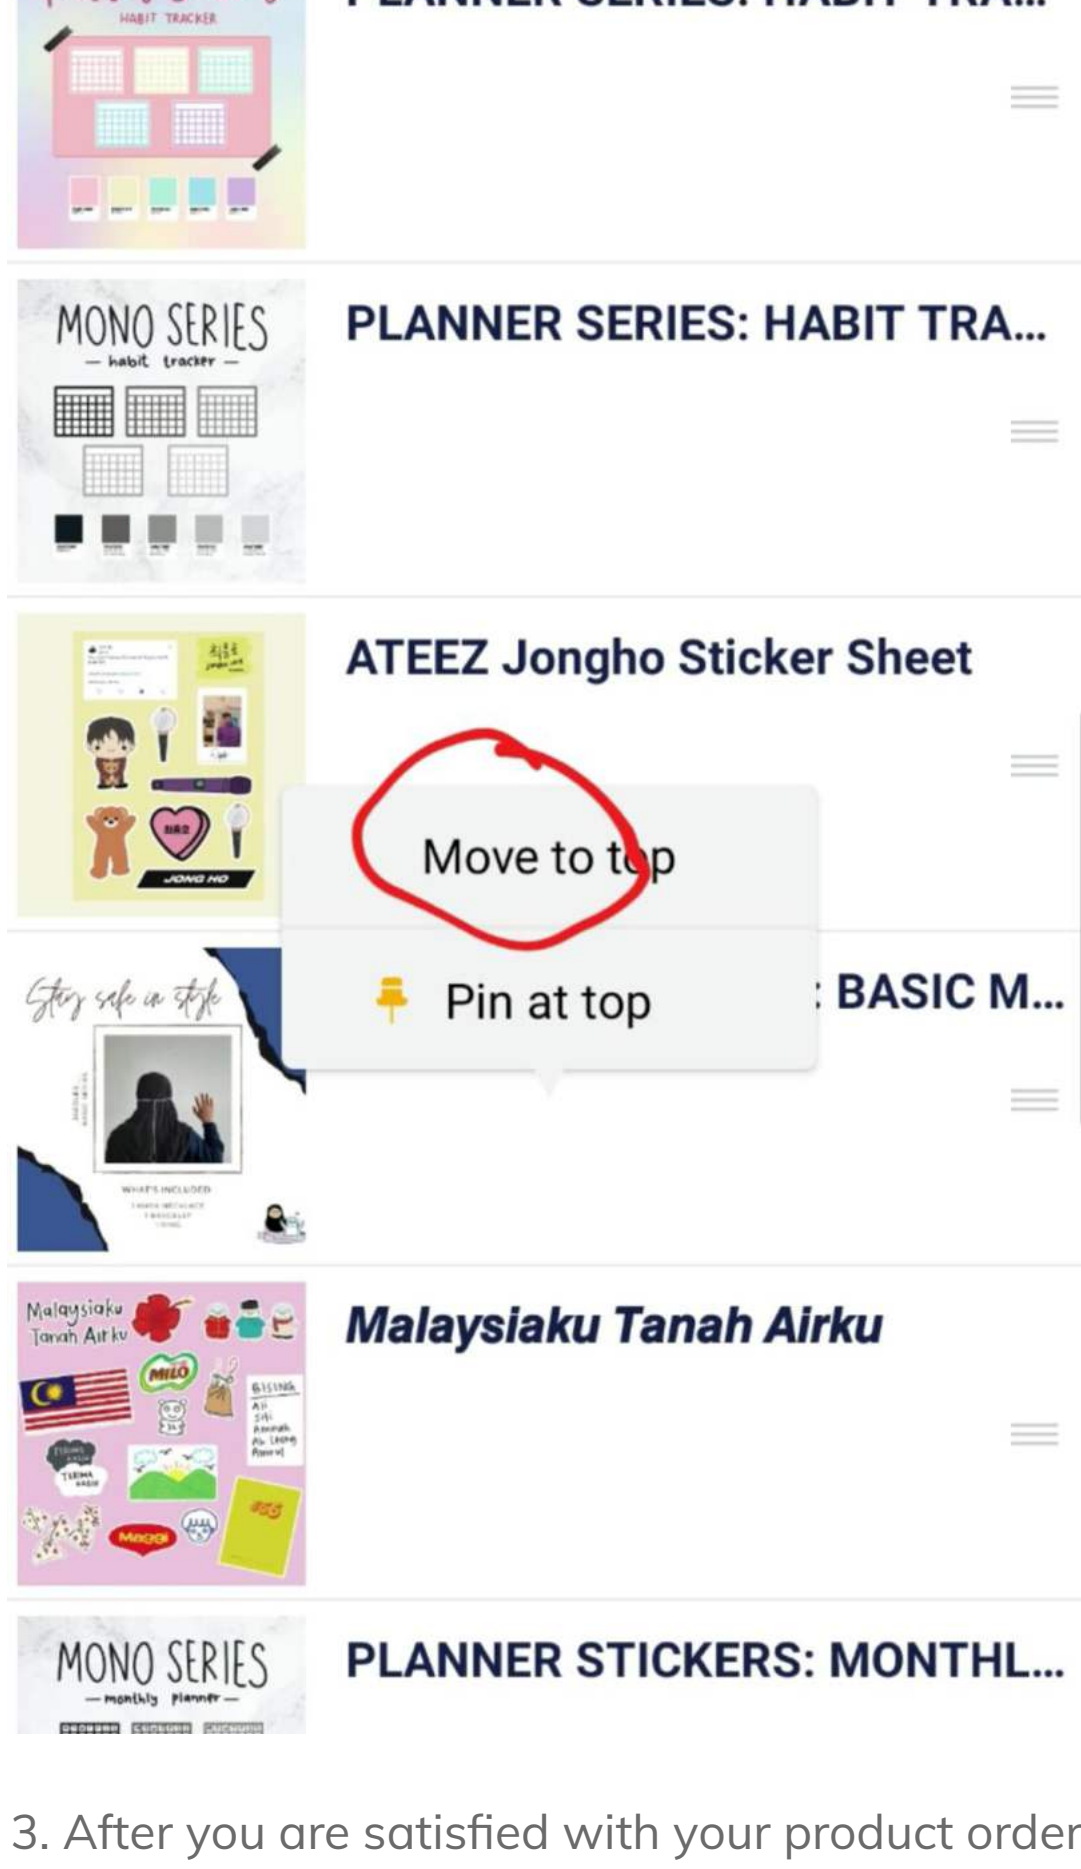

Move a product to the top without having to drag it

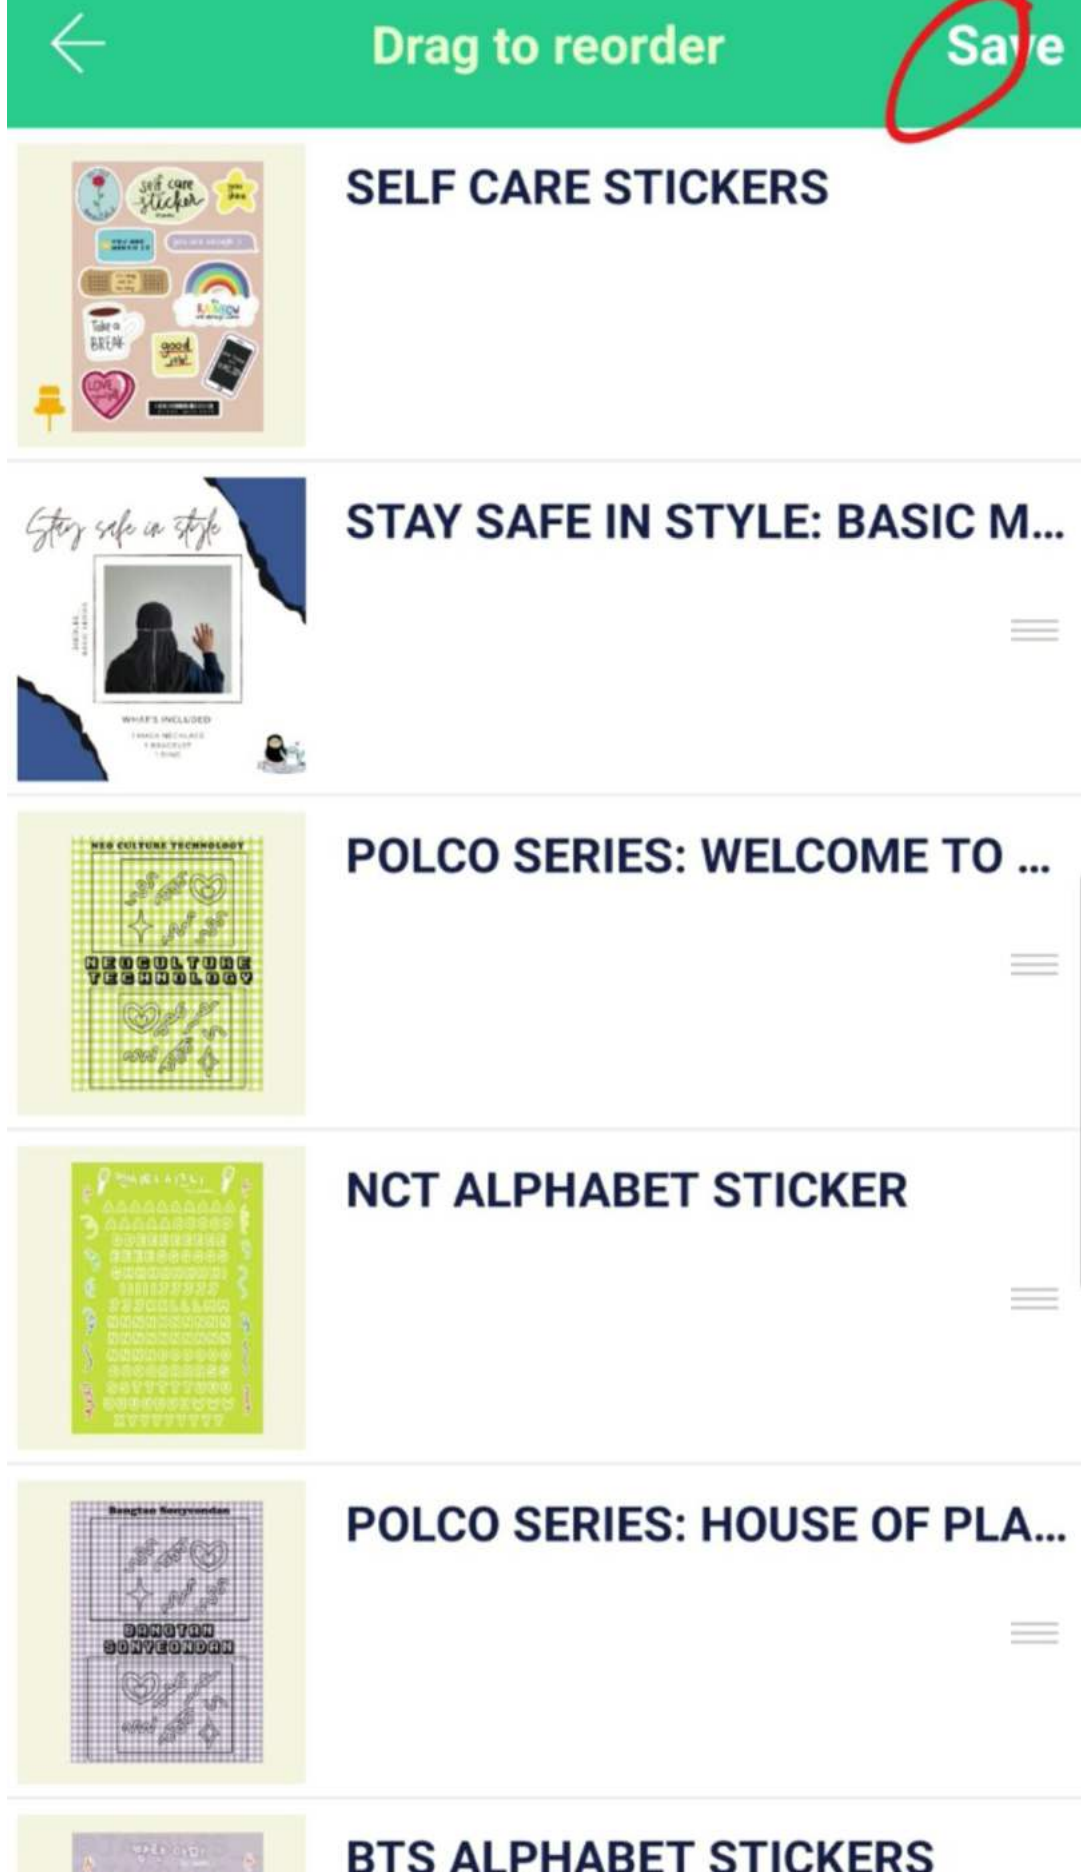

1. Tap on the product you would like to move.

2. A pop-up would then appear, tap on "move to top". The product will then be moved to the top. If there is a pinned product, the product will be moved under the pinned product.

3. After you are satisfied with your product order, tap "Save".
